

1970 EDITORIAL INDEX

This index of articles appearing in MHE in 1970 is arranged by function. Articles are listed alphabetically under each function category. The month of publication and opening page number are given for each article. Note that each article listing is preceded by a code key. This code key can be used in conjunction with an Index by Product (see page 76) to find articles which cover specific products.

Assembly, production, scrap and refuse handling; plant planning; material handling maintenance

A-1	Accumulation conveyor system provides smooth whiskey handling	Nov	76
A-2	At Swift, mechanization is part of the package	Oct	113
A-3	Automatic palletizing: fast, flexible and reliable	Aug	57
A-4	Automatic palletizing keeps the breakfast cereal moving	Dec	51
A-5	Commercial linen laundry has the best of hangups	May	134
A-6	Computer-controlled handling comes in with a Rohr	Jan	60
A-7	Computer controls overhead sorting and storage system	Sept	65
A-8	Computer simulation says yes and no to new warehouse systems	Jan	88
A-9	Computerized clerk controls components	Nov	84
A-10	Conveyor system increases degreasing production by 66 percent	Nov	110
A-11	Custom-made tires are carried by a custom-engineered conveyor	Feb	118
A-12	Editorial Board reports and predicts	Jan	68
A-13	Fiber glass trays cradle cartridges through the system (Handling at Kodak)	Apr	89
A-14	Ford's better idea is an automated assembly plant	Jan	80
A-15	High cube storage: new dimension in truck body handling	Apr	75
A-17	Huge conveyor system speeds tire production—automatically	May	138
A-18	In-process storage system handles lightweight stampings	Jly	76
A-19	Lift trucks and containers support big batch blenders	Jly	78
A-20	Mobile storage like you never saw before	Sept	71
A-21	New truck unlocks die handling problem	Apr	118
A-22	Overhead conveyor system turns on for fiber handling	Oct	98
A-23	Paperwork system: conveyors make sure payday is never late	Apr	104
A-24	Power-and-free conveyor provides a second floor	Apr	107
A-25	Rack-and-stack system frees floor space	Apr	109
A-26	Radio remote: more than a crane control	Nov	112
A-27	Safe efficient chain use: steel companies lead the way	Aug	86
A-28	Seminar examines computers in MH systems	Nov	61
A-29	Shredder-baler team solves king-size disposal problem	Apr	116

A-30	Smooth conveying moves cartons and containers on three planes (Handling at Kodak)	Apr	91
A-31	Special Issue on Powered Industrial Trucks	Jun	A11
A-32	Special pallets save 3½ feet of storage height	Jly	65
A-33	Special trucks do their thing: Navy's drydock costs tumble	Apr	111
A-34	Storage rack system is designed for fire control	Sept	94
A-35	Towline system speeds production of custom-made cabinets	May	128
A-36	Turnkey systems automate receiving, filling, and handling of cans and drums	Oct	102
A-37	V-slot conveyor stores and indexes rolled product	Jun	99
A-38	What Louis Allis did with their chance to do everything better	Jly	61
A-39	Wire cloth manufacturer puts all his spools in one basket	Apr	114
A-40	Work dispensers bring production up to level	Jun	100

Bulk handling

B-1	Bulk handling update	Mar	81
B-2	Bulk systems handle job-shop lots on a mass production basis	Jun	69
B-3	Bucket elevators and elevator buckets go for big tonnage	Mar	107
B-4	Computers control batching and weighing in new turnkey system	Mar	85
B-5	Lift trucks and containers support big batch blenders	Jly	78
B-6	Mechanized receiving floors tobacco auction markets	Nov	88
B-7	New belt conveyors feature faster speeds, larger capacity	Mar	91
B-8	New coupler keeps loader working all day	May	142
B-9	Pneumatic conveying is ideal for PVC pellets and powders	Feb	98
B-10	Pneumatics take on big systems, diversify for small ones	Mar	98
B-11	Ship-to-shore system is high speed, dust free	Mar	82
B-12	Slag operation jumps to flexible path operation	Aug	84
B-13	There are containers and containers	Mar	103
B-14	Twin-cell bulk bins replace paper bags	Sept	90
B-15	Vibrating bin discharger keeps PVC pellets flowing freely	Mar	109

continued on page 74

Equipment selection, purchasing and trends

C-1 Automatic palletizing: fast, flexible and reliable	Aug	57
C-2 Bulk handling update	Mar	81
C-3 Computer analysis calls for knowing systems relationships	Feb	90
C-4 Computer controlled handling is a subsystem of the big system	Mar	117
C-5 Computers control batching and weighing in new turnkey system	Mar	85
C-6 Crane controls: what they are and what they do	Aug	63
C-7 Editorial Board reports and predicts	Jan	68
C-8 Equipment leasing is here to stay	Jun	84
C-9 Ganties and jibs take their stand	Sep	82
C-12 Mobile storage like you never saw before	Sep	71
C-14 New belt conveyors feature faster speeds, larger capacities	Mar	91
C-15 New coupler keeps loader working all day	May	142
C-16 New products make debut at AMA Packaging Show	Apr	94
C-17 New products make debut at 1970 National MH Show	May	95
C-18 Overhead bridge cranes; trolley is the heart of the system	Jly	67
C-19 Overhead cranes who needs them? You do!	Jun	59
C-20 Personnel carriers put walking workers on wheels	Apr	80
C-21 Plastic for pallets—drawbacks and strong-points	Sep	74
C-22 Proper pallet maintenance means dollars for users	Oct	124
C-23 Shrink equipment for everyone	Feb	74
C-24 Shrink film wrapping: where and why to use it	Feb	70
C-25 Shrink films: polyethylene or PVC?	Feb	78
C-26 Special Issue on Powered Industrial Trucks	Jun	A11
C-27 Storage rack system is designed for fire control	Sep	94
C-28 Systems in the Seventies	Jan	59
C-29 There are containers and containers	Mar	103
C-30 Traffic doors open new avenues for material handlers	Jun	76
C-31 Update 1970: Carton closing and marking	Nov	67
C-32 Your hoist is one in four million	Oct	92

Material management; advancement and training

D-1 Computer analysis calls for knowing systems relationships	Feb	90
D-2 Computer confirms choice of cushioning material at Control Data	Dec	45
D-3 Computer-controlled handling is a subsystem of the big system	Mar	117
D-4 Computer controls overhead sorting and storage system	Sep	65
D-5 Computer simulation says yes or no to new warehouse systems	Jan	88
D-6 Dad, O Dad, you knocked down a pallet and I'm feeling so sad	Dec	60
D-7 Directory of technical literature	Jly	83
D-8 Editorial Board reports and predicts	Jan	68
D-9 Equipment leasing is here to stay	Jun	84
D-10 Ford's better idea is an automated assembly plant	Jan	80
D-11 Hardware, documents and packaging share the stockpiling scene	May	122
D-12 High cube handling: the computer takes charge	Oct	85
D-14 Huge conveyor system speeds tire production—automatically	May	138
D-15 Jim Vidos: big man behind the plate, at the specifying table	Dec	??
D-16 Management of automation: issues and responsibilities	Aug	72
D-18 Navy launches its first computer-controlled storage system	Oct	116

D-19 New products make debut at AMA Packaging Show	Apr	94
D-20 New products make debut at 1970 National MH Show	May	95
D-21 Proper pallet maintenance means dollars for users	Oct	124
D-22 Safe, efficient chain use: steel companies lead the way	Aug	86
D-23 Seminar examines computers in MH systems	Nov	61
D-24 Special Issue on Powered Industrial Trucks	Jun	A11
D-25 Systems in the Seventies	Jan	59
D-26 Telemart: a big hand for the little lady	Aug	82
D-27 Turnkey systems automate receiving, filling, and handling of cans and drums	Oct	102
D-28 What Louis Allis did with their chance to do everything better	Jly	61

Order picking; receiving; shipping and distribution

E-1 Accumulation conveyor system provides smooth whiskey handling	Nov	76
E-2 At Parker, handling game is handling games	Feb	82
E-3 Automatic palletizing keeps the cereals moving	Dec	51
E-4 Automatic strapping cools off refrigeration packaging problem	May	130
E-5 Editorial Board reports and predicts	Jan	68
E-6 Fibre Box Association honors award-winning package designs	Jun	90
E-7 Ford's better idea is an automated assembly plant	Jan	80
E-8 Fourth estate gets five-star dock handling system	Jun	88
E-9 Hardware, documents and packaging share the stockpiling scene	May	122
E-10 High cube handling: computer takes charge	Oct	85
E-12 Improved product identification: strong link in distribution chain	Jun	92
E-13 Mechanical railcar ramps provide fast, efficient loading	Sep	92
E-14 Mechanized receiving floors tobacco auction markets	Nov	88
E-15 Mobile storage like you never saw before	Sep	71
E-16 Navy launches its first computer-controlled storage system	Oct	116
E-17 Plastic for pallets—drawbacks, strongpoints	Sep	74
E-18 Pneumatics take on big systems, diversify for small ones	Mar	98
E-19 Seminar examines computers in MH systems	Nov	61
E-20 Shrink equipment for everyone	Feb	74
E-21 Shrink film wrapping: where and why to use it	Feb	70
E-22 Shrink films: polyethylene or PVC?	Feb	78
E-23 Side loader cuts corners in distribution warehouse	Nov	90
E-24 Smooth conveying moves cartons and containers on three planes (Handling by Kodak)	Apr	91
E-25 SPHE recognizes prize-winning packages	Jan	102
E-26 Special Issue on Powered Industrial Trucks	Jun	A11
E-27 Special pallets save 3 1/2 feet of storage height	Jly	65
E-28 Telemart: a big hand for the little lady	Aug	82
E-29 There are containers and containers	Mar	103
E-30 Turnkey systems automate receiving, filling, and handling of cans and drums	Oct	102
E-31 Wirebounds protect landing gears	May	132
E-32 Christmas rush proves order picking system	Dec	56
E-33 Cokes go better with new handling/distribution system	Feb	86
E-34 Computer simulation says yes or no to new warehouse systems	Jan	88
E-35 Computerized clerk controls components	Nov	84

Packaging

F-1 At Swift, mechanization is part of the package	Oct	113
F-2 Automatic strapping cools off refrigeration pack-		

aging problems	May 130	H-18 Fourth estate gets five-star dock handling system	Jun 88
F-3 Carton closing and marking: Update 1970	Nov 67	H-19 High cube handling; the computer takes charge	Oct 85
F-4 Cokes go better with new system	Feb 86	H-21 Huge conveyor system speeds tire production—automatically	May 138
F-5 Computer confirms choice of cushioning at Control Data	Dec 45	H-22 Improved product identification; strong link in distribution chain	Jun 92
F-6 Editorial Board reports and predicts	Jan 68	H-23 In-process storage system handles lightweight stampings	Jly 76
F-7 Fibre Box Association honors award-winning package designs	Jun 90	H-24 Lift trucks and containers support big batch blenders	Jly 78
F-8 Fiber glass trays cradle cartridges through the system (Handling at Kodak)	Apr 89	H-25 Mechanized receiving floors tobacco auction markets	Nov 88
F-9 Hardware, documents and packaging share the stockpicking scene	May 122	H-26 Mobile storage like you never saw before	Sep 71
F-10 Improved product identification: strong link in distribution chain	Jun 92	H-27 Navy launches its first computer-controlled storage system	Oct 116
F-11 Innovative taping system standardizes carton handling	Dec 54	H-28 New palletizer makes load more compact, reduces breakage	Jan 100
F-12 New products debut at AMA Packaging Show	Apr 94	H-29 Overhead conveyor system turns on for fibre handling	Oct 98
F-13 Plastic for pallets—drawbacks, strongpoints	Sep 74	H-30 Paperwork system: conveyors make sure payday is never late	Apr 104
F-14 Plastic solves packaging problem	Mar 126	H-31 Pneumatics take on big systems, diversify for small ones	Mar 98
F-15 SPHE recognizes prize-winning packages	Jan 102	H-32 Power-and-free conveyor provides second floor	Apr 107
F-16 Shrink equipment for everyone	Feb 74	H-33 Rack-and-stack system frees floor space	Apr 109
F-17 Shrink film wrapping: where and why to use it	Feb 70	H-34 Radio remote: more than a crane control	Nov 112
F-18 Shrink films: polyethylene or PVC?	Feb 78	H-35 Seminar examines computers in MH systems	Nov 61
F-19 Smooth conveying moves cartons and containers on three planes (Handling at Kodak)	Apr 91	H-36 Ship-to-shore system is high speed, dust free	Mar 82
F-20 Twin-cell bulk bins replaces paper bags	Sep 90	H-37 Smooth conveying moves cartons and containers on three planes (Handling at Kodak)	Apr 91
F-21 Wirebounds protect landing gears	May 132	H-38 Systems in the Seventies	Jan 59
		H-39 Telemart: a big hand for the little lady	Aug 82
		H-40 Turnkey systems automate receiving, filling, and handling of cans and drums	Oct 102
		H-41 V-slat conveyor stores and indexes rolled product	Jun 99
		H-42 What Louis Allis did with their choice to do everything better	Jly 61

Shows and conferences

G-1 Dad, O Dad, you knocked down a pallet and I'm feeling so sad	Dec 60
G-2 Fibre Box Association honors award-winning package designs	Jun 90
G-3 Management of automation: issues and responsibilities	Aug 72
G-4 New products make debut at AMA Packaging Show	Apr 94
G-5 New products make debut at 1970 National MH Show	May 95
G-6 SPHE recognizes prize-winning packages	Jan 102

Systems; material control and controls

H-1 Accumulation conveyor system provides smooth whiskey handling	Nov 76
H-2 At Parker, the handling game is handling games	Feb 82
H-3 At Swift, mechanization is part of the package	Oct 113
H-4 Automatic palletizing: fast, flexible and reliable	Aug 57
